Dear Clerks Office, I'm needing your help in a problem that has occurred here in Haskell, TX. I have already been sentenced back in Dec. My wife has looked at my "release date" on the "BOR? Gov" site & it shows me to have a "release date" of 9/20/20. I have been in custody since July 5th, 2019 here in Haskell. I received a 14-month sentence which if counted correctly, my date would be around the 3rd, or 4th of Sep 2020 not 9/20/2020, so therefore I'm not being awarded the extra 16 days or so that I have been here? In my court papers that your office sent to me stated that I was in fact in custody on the 3rd day of July 2019, until now. So what I'm saying is that somehow these people here in Haskell have somehow shorted me on time which would make me do "more time" than my original 14-month sentence. I have tried to state the facts to them here & I never got a response, the staff here are very "unprofessional", need to be checked on it. I'm leaving this coming week going into the BOR. By the time you get this letter I will be gone so please don't send a response letter to me here in Haskell, because I'll be gone. But I would be extremely grateful to your office if you can somehow send my true "start date" here which is, 07/03/19 to the branch of the F.B.O.P. that is over "sentence calculation". I believe maybe the "Grand Prairie" office? My current "release date" on the BOR? Gov website is close to one-month over, & needs to be adjusted. 14-months from July 3rd is close to Sep 03, give or take a day or two. So there's several weeks that I'm not getting! Please, please help me get the extra time that is rightfully mine? I remember seeing on the paperwork that your office sent to me that it also said then in black & white that I was arrested & in custody on 7/3/19. Thank you so very much for your help.

Respectfully, Devin Tate Stroud
